Each party chooses its expert. If the above experts do not agree among themselves, a third expert is appointed by them and all three operate jointly and by a majority of votes.

If one of the parties fails to appoint an expert or the two experts fail to agree on the choice of a third expert, the appointment shall be made by the presiding judge of the regional court, acting as a referee. Each of the contracting parties shall bear the costs and fees of its expert and, where appropriate, half of those of the third.

Any reluctance or intentionally false declaration, omission or inaccuracy regarding the circumstances of the risk known from the insured will be punishable in accordance with the provisions of articles L. 113-8 and L. 113-9 of the Code, namely:

A) even if it does not influence the claim, by the invalidity of the contract in the event of the Member or the Insured acting in bad faith;

B) depending on whether it is confirmed before or after the claim, when it is not established whether the Member or the Insured acted in bad faith, by the following consequences:

- before the claim, by an increase in contributions or termination of the contract,
- after the claim, by a reduction in the compensation of the claim proportionate to the contributions which would have been due if the risks had been accurately and completely declared. The fee taken as the basis of this reduction is, depending on the case, applicable either at the time of taking out the insurance contract or the day of aggravation of the risk or, if this cannot be determined, at the time of the last deadline prior to the claim.

OTHER INSURANCE

In accordance with the provisions of article L. 121-4 of the Code, if all or some of the risks covered by this contract are or become covered by another insurance policy, the insured must declare this immediately to the company by indicating the name of this insurer and the amounts insured. Where several insurance policies are taken out against the same risk in a harmful or fraudulent manner, the sanctions provided for in article L. 121-3, paragraph 1 of the Code (invalidity of the contract and damages and interests) are

applicable. Where the insurance policies are contracted without fraud, each of them is effective within the limits of the agreed cover and in compliance with the provisions of Article L. 121-1 of the French Insurance Code with the exception of the civil liability cover of this contract, which is only applicable if the Insured does not benefit from civil liability cover through another insurance contract during the validity period of this contract on the day of occurrence of the damaging event which is likely to incur financial consequences.

Within these limits, the beneficiary of the contract may obtain compensation for their damages by writing to the insurer of their choice.

The limitation period of the legal action may also be interrupted by the insurer sending the insured a registered letter with acknowledgement of receipt in respect of the action for payment of the premium and by the insured to the insurer in respect of the settlement of the claim.'

Article L. 114-3 of the French Insurance Code:

'Notwithstanding article 2254 of the French Civil Code, the parties to the insurance contract may not, even with mutual agreement, modify the duration of the

time limit nor add to the reasons for suspension or interruption of it.'

The ordinary causes for interrupting the time limit as mentioned in article L. 114-2 are those provided for in articles 2240 to 2246 of the French Civil Code, indicated below:

Article 2240 of the French Civil Code: 'The acknowledgement by the debtor of the right of the person against whom he was prescribing interrupts the period of prescription.'

Article 2241 of the French Civil Code: 'Judicial demand, even by way of summary proceedings, interrupts the delay of prescription and the delay of foreclosure.'

The same occurs when the demand is brought before a court without jurisdiction when the act of referral to the court is annulled on account of a procedural defect.'

Article 2242 of the French Civil Code: 'The interruption resulting from the judicial demand has continuous effect until the proceedings terminate.'

Article 2243 of the French Civil Code: 'Interruption fails to occur if the plaintiff abandons his judicial demand or allows the proceedings to lapse, or if the demand is definitively rejected.'

Article 2244 of the French Civil Code: 'The period of prescription or the period of foreclosure is also interrupted by a conservatory measure taken in application of the Code of Civil Enforcement Procedures or of an act of forced execution.'

Article 2245 of the French Civil Code: 'The calling in of one solidary debtor by judicial demand, or by an act of forced execution, or by the acknowledgement by the debtor of the right of the person against whom he was prescribing, interrupts the period of prescription against all the others, even against their heirs.'

But the calling in of one of the heirs of a solidary debtor, or the acknowledgement by that heir does not interrupt the prescription against co-heirs, even in the event of a hypothecary claim, if the obligation is divisible.

This calling in or this acknowledgement only interrupts the period of prescription against the other co-debtors for the share for which this heir is bound.

To interrupt the period of prescription for the whole, for all the other co-debtors, the calling in must be addressed to all the heirs of the deceased debtor or the acknowledgement must be addressed to all these heirs.'

Article 2246 of the French Civil Code: 'A calling in addressed to the principal debtor or his acknowledgement interrupts the period of prescription against the surety.'
